## Kiribati Blind Fabric **NOW** available in **Block Out**

The Pacific Islands inspired Kiribati blind fabric range from The Bricos Group is now complete, thanks to the release of the matching Kiribati Block Out range.

Kiribati's blind fabric range now comprises SIX new Block Out blind fabrics which match original Kiribati Translucent colours along with two new colours – Miami and Milan. Additionally, the range includes two and ever popular, Privacy Coated colours.

According to Mark Wood, National Sales Manager for Bricos, the long anticipated arrival of Kiribati Block Out has been worth the wait.

"Kiribati is among our best-loved blind fabrics and we are delighted that we are now able to supply a first-class Block Out product that performs as beautifully as the original Kiribati Translucent range," Mark said.

From the Bricos Roller Roman & Panel Glide Collection, highly textured and beautifully presented in stunning warm colours, Kiribati has long been among the most popular blind fabrics in the market.

Offering designer appeal, beautiful hanging and smooth rolling qualities (even at the

maximum width of 280cm) Kiribati blind fabric is highly sought-after by today's design conscious consumer.

"We have taken our time in the development of the coating process to get it absolutely right and we are delighted with the result that ensures the Kiribati Block Out hangs and rolls superbly, but most importantly delivers a weave that is absolutely square," Mark said.

The release of the six matching Block Out colours allows a seamless flow of window coverings from room to room - Transluents for entertaining zones, Privacy Coated for semi-private dining rooms and now Block Out Kiribati for bedrooms.

280cm wide, Kiribati is 100% Polyester which ensures outstanding stability and durability for the life of the window covering.

Kiribati has a non-flocked backing which further enhances smooth rolling and has minimal need for tuning. The smooth, easy wipe backing also means Kiribati is easier to clean.

For more information and to order your Kiribati Block Out swatching please contact your Bricos Sales Representative or our Customer Service Department on 1800 677477.
