

Sienna Blind Fabrics

"The finishing touch for your environment"

"The finishing touch for your environment"

Sienna Blind fabric creates a relaxed and contemporary feel for any room. The elegant and sophisticated appearance is ideally suited to today's modern lifestyle, whether on the coast, in the city or in the country.

bedrooms, home theatres or areas where total light control is required.

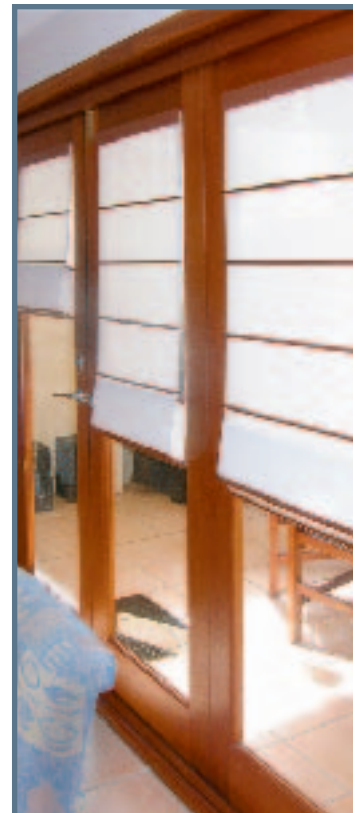

Sienna provides an excellent variety of Window Covering options and can be utilised in many Blind applications including Roller Blinds, Roman Blinds and Panel Glide Blinds.

Sienna will add a stylish and appealing look for your home or office and can be used in conjunction with additional Window treatments such as Curtains and Pelmet. Sienna will provide the finishing touch!

As well as presenting a stylish appeal, Sienna Translucent and Blockout substantially reduce penetration of both heat and cold, thus providing energy savings and comfortable temperatures.

Sienna offers privacy and light control. The Translucent finish creates a soft, filtered light effect whilst providing good levels of privacy. For complete light control, Sienna is also available with a Blockout coating, making it ideal for boardrooms,

Sienna Blind fabric offers protection from fading of carpets, furniture and furnishings. Ultraviolet light, produced by the sun's harmful rays, can drastically reduce the life of carpets, furniture and furnishings. Sienna has been tested by the Australian Radiation Protection and Nuclear Safety Authority (ARPANSA) for Ultraviolet Protection levels, with outstanding results.

Sienna Blockout offers over 97.5% Ultraviolet protection against the sun's harmful rays, while Sienna Translucent offers between 96.0% and 97.4% Ultraviolet protection.

Sienna can be used with confidence, knowing it meets these stringent government guidelines for Ultraviolet protection in Window Covering treatments.
